

Instructor: Cody Clifton
Office: 543 Snow Hall
Hours: MW 10 - 11 a.m. or by appointment!
Email: cclifton@math.ku.edu

Coordinator: Atanas Stefanov
Office: 514 Snow Hall
Hours: R 11-12 p.m.
Email: stefanov@ku.edu

Website: <http://www.math.ku.edu/~cclifton/academics/teaching/2014/spring/math122/>
Here you will find course policies, assignments, important links, and other resources.

Course Information:

- **Time:** 8:00 a.m. - 8:50 a.m. MTWRF.
- **Room:** 156 Snow Hall.
- **Line #:** 62579.
- **Description:** Sequences and series. Calculus of functions in polar and spherical coordinates. Three-dimensional vector geometry and vector-valued functions. Multivariable calculus: partial derivatives and multiple integration.

Required Materials:

- Calculus: Concepts and Contexts, University of Kansas Fall 2012 Edition (similar to 4th Ed.), Stewart, Brooks/Cole, Prentice Hall.

Prerequisites:

- Math 116 or Math 121.

Evaluation & Point Distribution:

- The course is divided into four units, with an exam at the conclusion of each.
- A student's accumulation of points throughout all four units will be the benchmark for the final grade he/she receives in the course.
- Points may be earned from homework, attendance/participation, and exams according to the following distribution:

Attendance	50
Homework	200
Exam 1	100
Midterm Exam	200
Exam 2	100
Final Exam	350
Total	1000

Attendance & Participation:

- Class attendance and participation will be monitored daily through a combination of roll call, short quizzes, and group work.
- Attendance points comprise a significant percentage of the final grade and should not be overlooked.

Homework & Quizzes:

- Homework will be assigned and collected regularly.
- See the course webpage for more details about homework.

Exams:

- Two in-class exams, each worth 100 points, will be given during regularly scheduled class meetings.
- The Midterm and Final exams, worth 200 and 350 points, respectively, are so-called "common" exams. They are scheduled by the university and will be given simultaneously for all sections of Math 122 in a large auditorium.
- If a student has a preexisting conflict with the original scheduled time for any exam, they must make arrangements with the instructor in advance. If a student misses an exam due to an emergency, they must contact the instructor immediately following the incident in order to schedule a make up exam. In either case, justifying documentation will be required.

Extra Credit:

- Opportunities to earn small amounts of extra credit will be announced throughout the semester.

Office Hours and Help Room:

- Students are encouraged to bring questions to the instructor's office hours.
- If a student has conflicts with all posted hours, they may request an individual appointment.
- The Calculus Resource Center, located in 439 Anschutz Library, is a drop-in help room for Math 121/122 students.

Email Communication:

- The instructor will periodically disperse course announcements via email.
- Students are responsible for checking their email daily in order to be aware of all such announcements.
- The email address a student has filed with the Registrar's Office will be used unless they make other arrangements with the instructor.

Important Dates:

- Students are advised to carefully review the dates below and immediately inform the instructor of any conflicts.

Jan. 21	First day of classes
Jan. 27	Last day to add/change courses online
Feb. 10	Last day to drop without a 'W'
TBA	Exam 1
Mar. 12	Midterm Exam (5:45 - 7:45 p.m.)
Mar. 17 - 21	Spring Break (no classes)
TBA	Exam 3
April 21	Last day to withdraw with a 'W'
May 8	Last day of classes
May 9	Stop day (no classes)
May 12	Final Exam (4:30 - 7:00 p.m.)

Add/Change Information:

- Students should meet with Lindsey Deaver (impalalp@ku.edu), the KU mathematics enrollment advisor, to discuss any add or change of sections after the online period allowed by the university.

Drop Information:

- The last day to drop a Spring 2014 full-semester KU course without penalty is Monday, Feb. 10.
- The last day to withdraw from a Spring 2014 full-semester KU course is Monday, April 21.

Special Needs:

- The staff of the Academic Achievement & Access Center in 22 Strong Hall (785-864-4064) coordinates accommodations for students in all KU courses.
- Students should bring any special needs to the attention of the instructor within two weeks of the first day of classes.

Academic Honesty:

- There is a zero-tolerance policy for cheating, plagiarism, of any other forms of academic misconduct.
